

Hello

In these days we are sending out the 2004 Club Pack and soon it will be available in the troll shops. If you want to have a peek at this pack before you go and buy it, you can take a look at our website: <http://www.flaaronning.no/troll/>.

If you look at the “New trolls the last few years” at the same website you will find a picture of the limited edition club troll of 2004. He is a lovely little fellow with a nice lamp in his hand.

In the club pack you will find the new catalogue with all the Ny Form trolls as well as the 11th issue of the club magazine.

In the magazine we think that you will find a lot of interesting reading, like a Norwegian folktale, a troll-maker profile, troll days at Tynset, things you should know about the trolls and more. You can also enjoy a limerick competition where the prize is a discontinued and rare troll.

I will recommend that you take a look at our website. There you will find a lot of pictures of both available and discontinued trolls. You should also read about Trygve Torgersen. That is interesting and historical reading about “The father of the Ny Form Trolls”.

Me who write this to you am your new club contact. My name is Marit. Besides taking care of the trollclub I work as a designer. These fun and lovely little troll fellows has been an important part of my life, and I really enjoy working with them. I have a lot of them here in my office – just to help me and cheer me up during a busy day. And of course, I meet them when I return at home too.

I am the one who makes the club magazine, so please send me pictures and stories including you and your trolls. If you don't find an answer to your questions at FAQ (frequently asked questions) at <http://www.flaaronning.no/troll/>, don't hesitate to ask me questions about the trolls too. I will do my best to give you good answers.

Troll greetings from Marit

Brødrene Flaaronning as
Worldwide distributor of the Ny Form Trolls
