

## **Facts about the Fosse Trolls**

- The Fosse Troll were created by Sven Schulze in 1990
- From 1990 – 1997 the Fosse Trolls were manufactured in locations at Vadfoss right outside Kragerø, Norway. From 1997 – 2003 the Fosse Trolls were manufactured in Eklund, which also is located close to Kragerø.
- From January 2004 the production of the Fosse Trolls was moved to the company “Norske Troll as” at Tynset, Norway. From that time “Norske Troll as” is manufacturing both the “Fosse Trolls” as well as the “Ny Form Trolls”, but the separate characteristics and brand names for the two product lines are maintained.
- The Fosse Trolls are still designed by the founder of the Fosse Troll factory, Sven Schulze and his wife Brynhild Lysøbakk.
- The company “Brødrene Flaarønning as” is taking care of the global distribution and the marketing for the two product lines.
