

Dear Club Member

A new era for the Trollclub

As a member of the Ny Form Trolls Collectors Club, you are a very important part of the Ny Form Community . Like the supporters of a football team you help us do our best and you give us valuable feedback.

We feel there is so much more we'd like to hear from you. And a lot more information we want to give to you. The current format of two paper magazines a year is not as flexible and alive as we would like it to be. We are therefore moving the trollclub to the web from early next year.

The exact design of the website is not clear yet. But it will take the form of a community site. You will be able to communicate with other collectors. Share pictures and stories. And get fresh information from the trollmakers.

This means that there will not be any Troll Magazine this fall. All the information and stories we have will be saved for the website. To shorten the wait for you, and as a token of appreciation for your dedication to the trolls, we enclose with this letter various troll articles for your enjoyment.

To the trolls!

Merete
Ny Form Troll International Collectors Club
