Trollclub

Good news: The 2009 Club troll is on its way. It will be available in shops during the summer! Limited edition 1000 pieces will be produced!

As we have mentioned before there will be some changes to the troll club this year. We move the magazine to the web, and with that comes fantastic possibilities for you to publish your own material and communicate with other collectors.

Everyone can look at the site, but as a troll club member you will be able to put up your own profile and publish pictures and stories and tell the world about your collection and about yourself.

As before you need to buy the clubtroll to be a member. With your proof of membership you will receive a password that makes it possible to make your profile on the web.

The web site will be on : www.trollsofnorway.com, but will most likely not be available before the end of summer.

We hope you will have a fantastic summer, and please say hello to your trolls from all of us at Flaarønning.

Spring greetings from
Merete

Brødrene Flaarønning as
Worldwide distributor of the Ny Form Trolls
